

2017 MOUNTJOY CARBONATE RESEARCH CONFERENCE

SPONSORSHIPS AVAILABLE

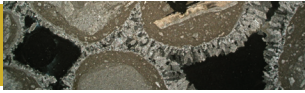

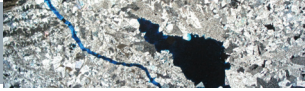

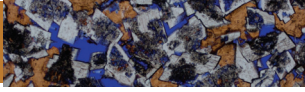

The 2017 Mountjoy Conference sponsored by SEPM (Society for Sedimentary Geology) and CSPG (Canadian Society of Petroleum Geologists) will be held the week of June 26-30, 2017 in Austin, Texas, at the University of Texas Commons Learning Center and the Bureau of Economic Geology Core facility.

The theme of the meeting is "**Carbonate Pore Systems**". This theme encompasses:

- Stratigraphic, facies and diagenetic influences on varied pore systems;
- Petrographic, geochemical and visualization tools applied to enhanced characterization of pore systems, from nano- and micro-scale, to fractures and cavernous pores; and
- New approaches for modeling the origin and distribution of pore systems

Those attending the Conference will gain an improved understanding of porosity at variable scales in carbonate rocks.

Four levels of sponsorships are available:
